

## How will we work together to make Shipbourne School even greater?

### Learning

- We will make sure that you can all understand what you are learning.
- We will make sure that learning isn't too easy or too hard for you.
- We will help you to remember more of what you have learnt and link ideas, themes and subjects together.

### Behaviour and attitudes

- We will work with you to make sure that you are excited to come to school and miss very few days of learning.
- We will encourage you to show ambition and curiosity and learn from your mistakes.

### Personal development

- We will help, care for and amaze people outside of our school through completing the Social Impact and Rights Respecting Awards.

### Care and support

- We will make sure that you get the extra help you need so that you can feel safe, happy and learn as much as possible.
- We will make sure that our adults look at all of your amazing learning and speak with you about it as often as possible.
- We will support the adults who work in our school to give you really great care, teaching and help with your learning, health and wellbeing.
- We will talk to your parents, share your amazing learning and help them when they need it, too.
